

DURATUF COW MAT

DURATUF is a global brand in supplying & exporting a wide range of quality Cow Mats which is an excellent solution for Dairy Farms, Parlors, Stalls & Alleys. We continuously seek ways to improve cow comfort and productivity by producing the highest quality rubber flooring .

We offer the best quality/price ratio on the market due to the unique design, product research and development, and manufacturing techniques utilized at Duratuf Products.

REDUCES INJURY

**INCREASES LYING
TIME**

**INCREASES BLOOD
FLOW**

Importance of Cow Mat

DURATUF Cow Mats is made of micro cellular blend of EVA (Ethylene Vinyl Acetate) and rubber, incorporating innumerable tiny air bubbles, ensuring **SOFT, WARM** and **COMFORTABLE** bedding for Dairy Cows to lie on and get up painlessly.

It provides coolness in the summer and required warmth in the winter. Dry breeding is always crucial not only for comfort but also for the reduction of growth of pathogens. **Good footing and bedding is necessary for prevention of injury to a great extent.**

WHY DURATUF COW MAT?

Load Bearing

High density foam made to sustain loads of more than 600 kgs without losing its cushioning, providing soft and flexible surface for lying.

Non Absorbent

Mats do not absorb liquids, thus are easy to wash or clean and helps in keeping cattle hygiene.

Thermal Insulation

Acts as a thermal insulator which helps in maintaining body temperature contributing to improve overall health of a dairy cow.

Slip Resistant

Textured pattern on mats provides required foothold while rising/sitting and reducing any possible injury or animal stress.

TECHNICAL SPECIFICATIONS

Application	Bedding for Individual Dairy Cow
Construction	Non-Porous
Top Surface	Hexa or Amoeba
Bottom Surface	Drain Channel
Structure	Cubicle Mat
Colour	Black
Size	Length: 7ft; Width: 4ft
Thickness	22-23mm
Edge of the Mat	Straight
Weight of the Mat	15 Kgs.
Density	250 Kgs/cbm
Warranty	Two Years (agst. Manufacturing Defects)
Packing	Woven Fabric (5 Nos. per Bag)
